Eldersburg, MD 21784

## A little about what our benefactors stand for:

### Men Against Breast Cancer

is the first national non profit whose mission is to educate and empower men to be effective caregivers when breast cancer strikes a female loved one; as well as target and mobilize men to be active participants in the fight to eradicate breast cancer.

### The Stacey Davis Foundation

receives, invests, and distributes funds for charitable, cultural, and educational purposes for the direct benefit of the women and families of Carroll County in their efforts to overcome the enormous challenges of breast cancer.

### Carroll Hospice

provides high-quality, patient-centered care to terminally ill individuals and their loved ones. Through specialized nursing services, along with spiritual and emotional support, Carroll Hospice helps patients live out the remainder of their days in dignity.

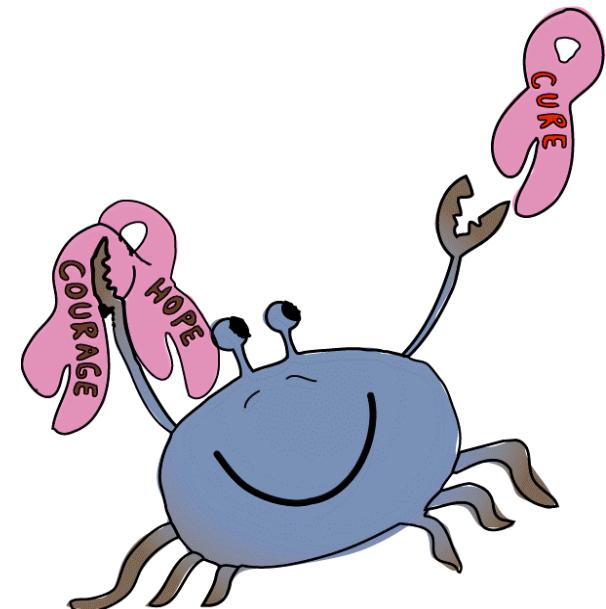

### The Allison E. Fisher Fund

award scholarships in her name and to make people aware that young women do get breast cancer. We accomplish the goal of awareness by awarding scholarships to those studying journalism in hopes they will use their profession to report about young women and breast cancer.

### The Red Devils

ease the day-to-day burdens for Marylanders living with breast cancer. We fund roundtrip transportation for treatments; meals and groceries; house cleanings; complementary therapies, including acupuncture and massage; and prescription drug co-payments

## PLEASE JOIN US AT THE FIRST ANNUAL CRABS FOR A CURE GOLF TOURNAMENT

In this ALL MARYLAND event, our mission is to honor all those we've lost, and to support those who have, are now, and will face the challenges associated with this grueling disease.
